INTRODUCTION

This guide provides information about the evaluation process used in the underwriting and issuing of Medicare supplement insurance policies. Our goal is to process each application as quickly and efficiently as possible while assuring proper evaluation of each risk. To ensure we accomplish this goal, the producer or applicant will be contacted directly by underwriting if there are any problems with an application.

POLICY ISSUE GUIDELINES

All applicants must be covered under Medicare Part A & B in Michigan and Texas; in all other states, only Part A is required. Policy issue is state specific. The applicant's state of residence controls the application, forms, premium and policy issue. If an applicant has more than one residence, the state where taxes are filed should be considered as the state of residence. Please refer to your introductory materials for required forms specific to your state.

Open Enrollment

To be eligible for open enrollment, an applicant must be at least 64 ½ years of age (in most states) and be within six months of his/her enrollment in Medicare Part B.

Applicants covered under Medicare Part B prior to age 65 are eligible for a six-month open enrollment period upon reaching age 65.

Additional Open Enrollment periods for Residents of the following state:

Connecticut – Year-round open enrollment.

Missouri – Individuals that terminate a Medicare supplement policy within 30 days of the annual policy anniversary date may obtain the same plan on a guarantee issue basis from any issuer that offers that plan. This would include Medicare supplement and select plans. Please include documentation verifying the Plan information, paid-to-date and the policy anniversary of the current coverage.

Illinois	All plans are available. Coverage is guarantee issue if applied for within six months of Part B enrollment.

Selective Issue

Applicants over the age of 65 and at least six months beyond enrollment in Medicare Part B will be selectively

underwritten. All health questions must be answered. The answers to the health questions on the application will determine the eligibility for coverage. If any health questions are answered “Yes,” the applicant is not eligible for coverage. Applicants will be accepted or declined. Elimination endorsements will not be used. In addition to the health questions, the applicant’s height and weight will be taken into consideration when determining eligibility for coverage. Applicants who fall outside the established guidelines for standard rating could receive a premium rate increase of 10%, 20% or be declined. In the state of Texas, premium rate-ups do not apply. Coverage will be declined for those applicants who are outside the established height and weight guidelines.

Application Dates

- Open Enrollment – Up to six months prior to the month the applicant turns age 65.
- Underwritten Cases – Up to 60 days prior to the requested coverage effective date.

- West Virginia – Applications may be taken up to 30 days prior to the month the applicant turns age 65.
- Wisconsin – Applications may be taken up to 90 days prior to the month the applicant turns age 65.

Coverage Effective Dates

Coverage will be made effective as indicated below:

1. Between age 64 ½ and 65 – The first of the month the individual turns age 65
2. All Others – Application date or date of termination of other coverage, whichever is later

Replacements

A “replacement” takes place when an applicant wishes to exchange an existing Medicare supplement policy from United World, one of our affiliate companies (internal), or any other company (external), for a newer or different Medicare supplement/Select policy. Internal replacements are processed the same as external, requiring a fully completed application.

A policyowner wanting to apply for a nontobacco plan must complete a new application and qualify for coverage.

Policyowners wishing to change their Risk Class rating because of weight loss must maintain that weight loss for at least 12 months. A new application is required and will be underwritten.

The policy to be replaced must be in force on the date of replacement. All replacements involving a Medicare supplement, Medicare Select or Medicare Advantage plan must include a completed Replacement Notice. One copy is to be left with the applicant; one copy should accompany the application.

The Medicare supplement policy cannot be issued in addition to any other Medicare supplement, Select or Medicare Advantage plan.

Reinstatements

When a Medicare supplement policy has lapsed and it is within 90 days of the last paid to date, coverage may be reinstated, based upon meeting the underwriting requirements.

When a Medicare supplement policy has lapsed and it is more than 90 days beyond the last paid to date, the coverage cannot be reinstated. The client may, however, apply for new coverage. All underwriting requirements must be met before a new policy can be issued.

Medicare Select to Medicare Supplement Conversion Privilege

Policyowners covered under a Medicare Select plan with United of Omaha may decide they no longer wish to participate in our hospital network. Coverage may be converted to one of our Medicare supplement plans not

containing network restrictions. We will make available any Medicare supplement policy offered in their state that provides equal or lesser benefits. A new application must be completed; however, evidence of insurability will not be required if the Medicare Select policy has been in force for at least six months at the time of conversion.

Telephone Interviews

Random telephone interviews with applicants will be conducted on underwritten cases. Please be sure to advise your clients that we may be calling to verify the information on their application.

In Wisconsin, telephone interviews will be conducted with applicants age 75 and over on underwritten cases.

Pharmaceutical Information

United of Omaha has implemented a process to support the collection of pharmaceutical information for underwritten Medicare supplement applications. In order to obtain the pharmaceutical information as requested, please be sure to include a completed “Authorization to Disclose Personal Information (HIPAA)” form with all underwritten applications. This form can be found in the Application Packet. Prescription information noted on the application will be compared to the additional pharmaceutical information received. This additional information will not be solely used to decline coverage.

Policy Delivery Receipt

Delivery receipts are required on all policies issued in Kentucky, Louisiana, and West Virginia.

Two copies of the delivery receipt will be included in the policy package. One copy is to be left with the client. The second copy must be returned to United of Omaha in the postage paid envelope which is also included in the policy package.

- **Issue-age-rated** – The premium is based on the age the applicant is when the Medicare policy is bought. Premiums are lower for applicants who buy at a younger age, and won't change as they get older. Premiums may go up because of inflation and other factors, but not because of applicant's age.
- **Attained-age-rated** – The premium is based on the applicant's current age so the premium goes up as the applicant gets older. Premiums are low for younger buyers, but go up as they get older. In addition to change in age, premiums may also go up because of inflation and other factors.

APPLICATION

Properly completed applications should be finalized within 5-7 days of receipt at United of Omaha. The ideal turnaround time provided to the producer is 11-14 days, including mail time.

Application Sections

The Medicare supplement application consists of seven sections that must be completed. Please be sure to review your applications for the following information before submitting.

Plan Information Section

- Entire Section must be completed
- This section should indicate the plan or policy form selected, effective date, premium paid, and the premium payment mode selected — **both initial and renewal**

Section 1 — Applicant Information

- Please complete the client's residence address in full. If premium notices are to be mailed to an address other than the applicant's residence address, please complete the mailing address in full
- Age and Date of Birth are the **exact age** as of the **application date**
- Medicare Card number, also referred to as the Health Insurance Claim (HIC) number, is vital for electronic claims payment
- Height/Weight — This is required on underwritten cases.

Section 2 — Miscellaneous Questions

- Verify the applicant answered "Yes" to receiving the *Guide to Health Insurance* and Outline of Coverage. It is required to leave these two documents with the client at the time the application is completed
- Answer the tobacco question. (Refer to the Calculating Premium section on page 11 for a list of states where Tobacco rates do not apply during Open Enrollment or Guarantee Issue situations)
- Please indicate if the applicant is covered under Parts A and B of Medicare

Section 3 — Insurance Policies /Certificates

- If the applicant is applying during a Guarantee Issue period, be sure to include proof of eligibility
- If the applicant is replacing another Medicare supplement policy, complete question #2 and include the replacement notice
- If the applicant is leaving a Medicare Advantage plan, complete question #3 and include the replacement notice
- If the applicant has had any other health insurance coverage in the past 63 days, including coverage through a union, employer plan, or other non-Medicare supplement coverage, complete question #4
- Verify if the applicant is covered through his/her state Medicaid program

Section 4 — Health Questions

- If the applicant is applying during an open enrollment or a guarantee issue period, do not answer the health questions or prescription information
- If applicant is not considered to be in open enrollment or a guarantee issue situation, all health questions must be answered, including the question regarding prescription medications

NOTE: In order to be considered eligible for coverage, all health questions must be answered "No."

For questions on how to answer a particular health question, see the **Health Questions** section of this Guide for clarification.

Section 5 — Household Discount

Answer both questions 5(a) and 5(b) (all states except Connecticut and Missouri)

- If either 5(a) or 5(b) are answered “Yes,” the individual qualifies for this discount
- This information is necessary for premium calculation

Discount Information for Missouri

There is only one question and if answered “Yes” the individual qualifies for this discount.

Section 6 — Signatures

- Signatures and dates: required by both applicant(s) and producer. The producer must be appointed in the state where the application is signed

NOTE: Applicant’s signature must match name of applicant on the application. In rare cases where applicant cannot sign his/her name, a mark (“X”) is acceptable. *For their own protection, producers are advised against acting as sole witness.*

- If someone other than the applicant is signing the application (i.e., Power of Attorney), please include copies of the papers appointing that person as the legal representative

HEALTH QUESTIONS

Unless an application is completed during open enrollment or a guarantee issue period, all health questions, including the question regarding prescription medications, must be answered. Our general underwriting philosophy is to deny Medicare supplement coverage if any of the health questions are answered "Yes." For a list of uninsurable conditions and the related medications associated with these conditions, please refer to pages 13 and 14.

There may, however, be situations where an applicant has been receiving medical treatment or taking prescription medication for a long-standing and controlled health condition. Those conditions are listed in health questions 8, 9 and 10.

A condition is considered to be controlled if there have been no changes in treatment or medications for at least two years. If this situation exists and you would like consideration to be given to the application, answer the appropriate question "Yes," and attach an explanation stating how long the condition has existed and how it is being controlled. Be sure to include the names and dosages of all prescription medications.

If you have had questions about the interpretation of health questions 6 and 7 on the application, please see the information below.

People with diabetes mellitus that require, or has ever required, more than 50 units of insulin daily, or people with diabetes (insulin dependent or treated with oral medications) who also have one or more of the complicating conditions listed in question #6 on the application, are not eligible for coverage. For purposes of this question, hypertension (high blood pressure) is considered a heart condition. Some additional questions to ask your client to determine if he/she does have a complication include:

1. Does he/she have eye/vision problems?
2. Does he/she have numbness or tingling in the toes or feet?
3. Does he/she have problems with circulation? Pain in the legs?

Consideration for coverage may be given to those persons with well-controlled cases of hypertension and diabetes. A case is considered to be well controlled if the person is taking less than 50 units of insulin daily or no more than two oral medications for diabetes and no more than two medications for hypertension. A combination of less than 50 units of insulin a day and one oral medication would be the same as two oral medications if the diabetes were well controlled. In general, to verify stability, there should be no changes in the dosages or medications for at least two years. Individual consideration will be given where deemed appropriate. We consider hypertension to be stable if recent average blood pressure readings are 150/85 or lower.

MAILING APPLICATIONS TO PROSPECTS

Mailing a completed application adds a few steps to the normal sales process. Below is a brief description of the necessary steps. The form (M24769_0208) available for download on SPA in Forms and Materials provides a complete description of the process.

When calling a prospect who responds to a lead, always attempt to schedule a face to face interview. However, if the prospect prefers, you may continue the sales process on the phone. You need to begin by explaining to the prospect the following steps you will take to complete the sale.

You will:

- ✓ Ask the prospect the questions on the application and required forms; mail the completed application and required forms to the prospect for their review and signature;
- ✓ Tell the prospect that they need to carefully review the application and forms for completeness and accuracy and then sign;
- ✓ Have the prospect return the signed application, forms and premium payment to you in a postage paid envelope;
- ✓ Upon return of the application and other forms, verify that all the required forms are completed and signed;
- ✓ Submit the application through the usual channel; and
- ✓ When issued, deliver the policy according to current policy delivery guidelines.

Always remember:

- You must be licensed to sell in the state where the prospect is at the time of solicitation
- The applicant's state of residence controls the application, forms and premium
- The client must return the signed applications, forms and premium payment to you and should not submit them directly to Mutual
- Incomplete application submissions will be returned to you, so review thoroughly
- If you solicited the business, you must be the one to sign the corresponding application
- You cannot sign blank applications
- It is not acceptable to mail blank applications, brochures and outlines as prospecting materials

If you have questions, please call Sales Support at (800) 693-6083.
